Sir,

Asaligh 26 April 1865

In accordance with an act of Congress legalizing the employment of Negroes in the Confederate Army, I would respectfully ask permission to proceed to enlist a Company of that class of Soldiers for said service. I have at my disposal twenty five belonging to myself and brother and further assurance that I can enlist the remaining number to the maximum allowed to the Company without delay, if not inconsistent with the good of the service I would request a commission to command the Company, Hoping this may meet with your favourable Considerations,

I am Respectfully,

Your Obedt Servt

John Goetz,

Letter from the Hon. Secy of War

My dear Sir
 In answer to the letter of the 1st inst. I beg to inform you that the large
 cannon was drawn to the place
 of the large cannon. Owing
 to the smallness of the
 cannon which could not be
 arranged to be placed at this
 place for our use. It is
 at an expense of not less than
 \$500000 to be brought
 down to the place. On adding for
 transportation and other
 expenses the total cost will be
 \$750000. I have the honor to
 be, Sir, your obedient servant

being desirous of promotion to a lieutenant in his company

in stating that I have known him personally for several
years past. He is a graduate of the U. S. Military Academy at West
Point, and of the class of 1858 & was promoted 14th in a class
of 16. He was 1st Lieut. of a company in the 16th Regt. of Ill.

ization in 1862 he was promoted to a great many other
positions. He has commended the regiment, & has been
promoted to a 1st Lieut. & appeared as officer. He has been
constantly in service since the beginning of the war. I have
no doubt from what I know of him that he will prove
a very competent and valuable officer, and hope that
his name may receive your favorable consideration.

Dear Sir

I beg leave to call attention
to the appointment of my brother for Captaincy in the
Engineers Corps. In addition to the letters which
will be sent to you, I am told that you &
I have had some communication with my brother with several
others. I think however my brother is doing from
first to last communication and I have seen some action
as being taken by Congress in relation to the Engineers
Corps. He has been a practical Civil Engineer
for some years and for a number of years on the
west side of the river. He was the time of the war
from this place to London and from London to Italy
France. He has been for several years on the line
on the river being the Director of Construction and
Engineering under the supervision of the
Government. At the commencement of the war he has been
employed in various of the engineering work, first
at the fortifications and subsequent work on the
Trent. I am told that he is doing very well.

Mr. J. E. Roller deserves to obtain an appointment in the
Engineers of the Confederate Service.

Mr. R. is a "distinguished" graduate of the Va. Military Institute.
He stood first in Engineering, and in all the sciences taught in
this School held high position, if not first. His knowledge
of Infantry Tactics, of Artillery in both theory and tactics, united
with his general propiety in the studies of a Military
School, and his uniform excellent deportment, will enable
him to become a valuable officer to the government, and I
hope he will get the place he seeks.

Dear Sir

At the
instance of Col Harris (whose letter I enclosed)
I respectfully apply for a position either
in the Engineer Corps or the Engineer Corps
training of I am successful in my ap-
plication to be assigned to his Department
for duty. I enclose a recommendation from my
old professor, Col Williamson, but knowing
the worthlessness of paper recommendations
generally, I have not asked for any others,
but prepared to rest my claims upon one
good one instead of half a dozen perhaps
worthless ones. I am at present acting
as assistant professor at this Institute, but

as I desire very much to return to
active service, I respectfully make application
for the position of 3rd Lieutenant in
the Engineer service. Hoping to meet with
your favorable consideration I remain.

My dear Sir

I regret very much
to inform you it is not in my power to
make appointments in the Corps of Engineers
otherwise I would have much pleasure in
confering one on you.

As you are desirous of taking an active
part in the defence of your Country, I would
advise you to make application to Col. J. B.
Wilmer Chief of Engineer Bureau, Rich-
mond Va, for an appointment of 2^d Lieut.
in the Corps of Engineers, or Engineer Troops,
and to accompany your application with the
best recommendations you can obtain.
The enclosed from Col. Williamson will be
particularly valuable. It would be desirable
to obtain a similar one from Col. Smith.

Under no circumstances should it be
prudent for you to come here until after
first day of November, or first of Decr.

With the hope you may be successful
in your application, and that you may
be assigned to duty suit to you.

Mr. James S. Allen,

Richmond, March 2nd 1863

Dear Sir,

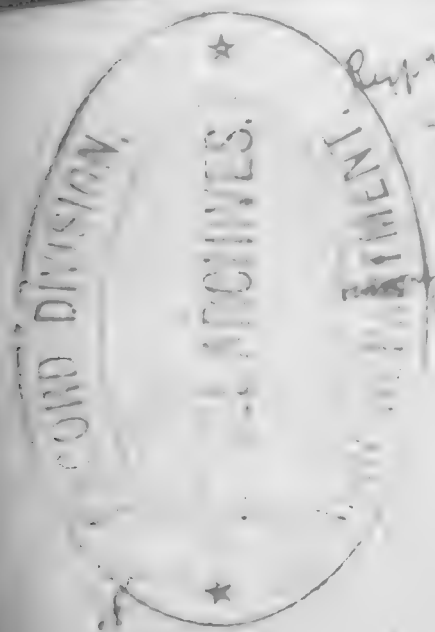

I have the honor to acknowledge the receipt of your letter of the 28th inst. in relation to the matter of the purchase of the land for the purpose of building a new church for the congregation of the Methodist Episcopal Church, South, in the city of Richmond, Virginia.

I am sorry to hear that the matter has not yet been settled, and I am sure that the friends of the church will be disappointed. I am, however, confident that the matter will be settled in due season, and that the church will be able to purchase the land and build the new church.

I am, Sir, very respectfully,

The Chairman of the Committee
via telegram & applied some time ago
for a recommendation of a person
He is a graduate of a college and
a young man of fine abilities and
good character & well versed in
such a position. By some means
he was overlooked & was requested
to be examined as a candidate for
service in that branch of the Service.
I would not that he be allowed to be
examined when such examination has
already had it that he be appointed as
a person qualified for service in
the regular service. He is a very
young man. I think he would make a
good officer in that service in a
refuse.

Very truly,

Sir

The state of health by reason of which,
Charles, C. Smith was detailed on duty in this
Hospital, was not dependent upon any con-
stitutional malady, necessarily rendering his
disability permanent.

Mr Smith has recovered his health, and is now,
in my opinion, physically able to discharge
the duties of the position he seeks.

and nothing, will have been found

I have known J. W. Smith my
wife, since 1845 when we were carried
for the same ship at the U.S. Marine
He enjoyed a high confidence
than as a gentleman of great talents
and of superior mind.
As a Civil Engineer he has had some ex-
perience, but as a Topographical Engineer
his experience has been very
extended, valuable and interesting.

He was employed I believe in
position of great confidence, on the
"Main Boundary" Survey - the Survey
of the Indian Territory - the Pacific Rail-
road Survey and other U.S. gov-
ernment works and in these relations ac-
quired a high reputation.

His enlarged and varied experience, his
energy of character, energetic habits,
his superior order of scientific attainments
and especially as a Mathematician, would
make him a most valuable acquisition to
the Engineer Corps of the Army. He is ambi-
tious for any place he takes. This is saying
agreed, but no more than his merits

Major General J. F. Gilmer.
Chief Engineer C. S. A.

Sir - I applied about three weeks since
for a commission in the Corps of Engineers.
You required from me, letters showing my
qualifications for the post solicited by me, and
a written statement as to the service in which
I have been engaged.

Letters from Brig. Gen. Sherman, Maj. Gen.
Chase and Pickett will accompany this
letter.

I have acted
As Asst. Insp. in the Army of the R. E.
Pender line of the U. S. under Gen. Emory U. S. A.
As Lieut. in the regiment of Voltegers
during the Mexican War.

As 1st Asst. Insp. for two years, in the
Survey of the Creek and Cherokee boundaries
and under Lieut. Stetson and Wood
off. Topographer of Engineers U. S. A.
As Surveyor and Principal Engineer
on the Survey of the Iowa and Minnesota
boundary, under Capt. Andrew Talbot.

Chief Engineer of the Ashland and Iron-
lake Rail Road, and formerly of the West
Engⁿ N. S. R.

As 1st Lieut. Engⁿ under Genl. McLean
in the West Engⁿ on the survey of the Southern
route of the Pacific Rail Road. During
the years 1833 and 1834 -

As deputy Surveyor and Chief Clerk
of the Surveyor General of Washington
Territory -

As Superintendent of Construction
of light houses for Washington Ter-
ritory, under Major Harrison Baker
Lieut. Engineer. During the years 1838 and
1839

My duties for fifteen years have
been principally under the Topographi-
cal Bureau, on the Western Coast
and my experience has been principally
as a topographical Engineer, with the
exception of three years spent in the
Engineer's Department, and the
Iron and Rail Road, under Genl.
Wharton, and Col. of the 51st Regt.
Infantry

For the last ten years I have resided
on the Pacific Coast, two of which
since the war, have been spent in

Proctor's Bill has.

Society, meeting from pecuniary losses
induced by opposition to the U.S. return-
ment, has presented an earlier return
to Virginia, my native State, but I
had not, since the session of Virginia,
performed any act or claimed any right
as a citizen ~~of the United States~~ ^{of Virginia}
any more as a citizen of the
United States.

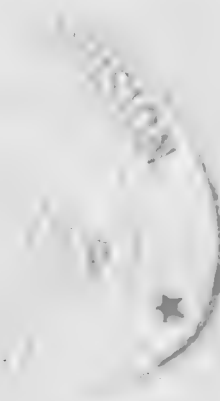

I am Sir

very respectfully
